INDEX TO VOL. XIX.

Anæsthesia in Small Surgical Operations, 99
Anatomical Papers, 52, 315
Antrum, Diseases of, 82
Appointments, 207
Audition, Limits of, 327
Auditory Nerve, Atrophy, 320; Electric Reaction of the, 328
Aural Reflexes, 64
Auricle, Diffuse Phlegmonous Inflammation of, 22; Idiopathic Perichondritis of, 8; Operation for Malformation of, 17; Ossification of, 45; Perichondritis of, 20
AYRES, Primary Mastoid Periostitis, 95

BACON, Malformation of Auricle—Plastic Operation, 27; Otitis Externa Hæmorrhagica, 1
BARTH, Anæsthesia in Small Surgical Operations, 99
BEZOLD, Cholesteatoma, Perforation of Shrapnell's Membrane, and Occlusion of the Tubes, 232
BLAKE, Reduplications of Mucous Membrane in the Normal Tympanic Cavity, 209
Boiler-Maker's Deafness, 89
BRYANT, Observations on the Topography of the Normal Tympanum, 217

Cholesteatoma, Perforation of Shrapnell's Membrane, 232, 309
CHOLEWA, Hypertrophies of the Posterior Extremity of the Inferior Turbinated Bodies of the Nose, 130; Progressive Deafness (Sclerosis) and its Treatment by Tenotomy of the Tensor Tympani, 151
Chorda Tympani in Otitis Purulenta, 72

DABNEY, Permanent (Quinine?) Deafness, 6
Deafness from an Injury, 199; Relieved by Tenotomy of Tensor Tympani, 151

EITELBERG, Traumatic Partial Destruction of the Membrana Tympani, 12
Exostosis, of Meatus, Operation for, 144; Treatment of Aural, 85

FERRIER, Idiopathic Perichondritis of Left Auricle, 8
Fluids, Velocity of Sound in Various, 57
Furunculosis, Causation of, 53, 64

GRUENING, Diffuse Phlegmonous Inflammation of the Auricle, 22

HEIMAN, A Case of Operation for Exostosis of the External Auditory Meatus, 144
HIRSCH, Diphtheritic Inflammation of the Mucous Membrane of the Tympanum, 34

Inferior Turbinated Bodies of the Nose, 130
Instruments, 62, 88

KANTHACK, Bacteriology of Middle-Ear and Mastoid-Cell Diseases, 25
KNAPP, Ossification of the Auricle in Consequence of Perichondritis Sero-Purulenta, 45

Leukæmia, with Noteworthy Changes of the Nasal Mucous Membrane, 255

Mastoid Cells, Bacteriology of, 25, 66
Mastoid Disease, and Thrombosis of the Lateral Sinus, 161; Papers Concerning, 73, 78, 206
MCMAHON, Perichondritis Auriculæ, 20
Meatus, Diseases of the, 64
Membrana Tympani, Forensic Importance of Traumatic Ruptures of the, 110; Traumatic Partial Elimination of, 12
Meningitis, Auditory Lesions in, 321; Description of the Ears of a Man Who Died of, 270
Micro-Organisms in Acute Middle-Ear Suppuration, 168
Middle Ear, Diseases of the, 66
Miscellaneous Notes, 90, 207
MOOS, Bezold's Form of Mastoid Disease, and Thrombosis of the Lateral Sinus, 161
Mould-Mycosis on the Pharynx, 55
Mould, New Growth of, in the Nose, 310
Mucous Membrane, Reduplication of the, in the Normal Tympanic Cavity, 209
Mumps and Deafness, 198
Mycelium, a New One in the Meatus, 53

Nasal Mucous Membrane, Tuberculosis of the, 202
Nasal Polypi, 202
Nervous Apparatus, 198
Neuritis Diphtheritica, 305
Nose and Naso-Pharynx, 74, 122, 199

Otitis Acuta, Cupping Glasses in, 69
Otitis Externa Hæmorrhagica, 1
Otitis Media Diphtheritica, On the Part Taken by Micro-Organisms in, 293
Otitis Purulenta Due to Diplococcus Pneumoniæ, 67
Otological Notes Collected in the Societies and Journals of Great Britain, 187
Otological Section of British Medical Association, 85
Otorrhœa, Cerebral Abscess after, 140

Pathology and Therapeutics, 60
Physiological Papers, 56
Primary Mastoid Periostitis, 95
PRITCHARD, Two Cases of Cerebral Abscess Resulting from Long-Standing Otorrhœa, 140

Quinine Deafness, 6

Report of Otological Section of Heidelberg Physicians, 76
Report of Progress, 51, 98, 315
Report of the Ninth Meeting of South-German and Swiss Aurists at Freiburg, 1889, 305
Rhino-Scleroma, 204

SCHEIBE, Micro-organisms in Acute Middle-Ear Suppuration, 163
SIEBENMANN, A Contribution to the Question of the Part Taken by Micro-Organisms in Otitis Media Diphtheritica, 293
STEINBRUEGGE, Anatomical Description of the Left Ear of a Man Who Died of Meningitis, 170
SUCHANNEK, A Case of Leukæmia, with Noteworthy Changes of the Nasal Mucous Membrane, 255

Tabes, the Affections of the Ears in, 280

TREITEL, Ruptures of the Membrana Tympani, with Especial Reference to their Forensic Importance, 110; the Affections of the Ears in Tabes Dorsalis, 280
Tuning-Forks, Paper on Low-Toned, 311
Turbinated Bodies, Hypertrophy of, 130
Tympanum, Diphtheritic Inflammation of Mucosa of, 34; Topography of the Normal, 217

WOLF, Words as Tests of the Hearing Power, and their Differential Diagnostic Value, 298
Words as Tests of the Hearing Power, and their Diagnostic Value, 298
